

## LENSITIL TOP

### Product definition and application

Cleanser and degreaser for trucks, buses, cars, motors and other road transport.

### Product type

Lensitil Top is a cleanser and degreaser for trucks, buses, painted surfaces and motors. The product is suitable for hand washing, high pressure washing or automatic washing machines.

Lensitil Top is a cleanser and degreaser suitable for all types of cars and machines. The detergent is designed for Norwegian conditions and is effective against fats, diesel and oil residues, asphalt, road dust and insects. The product is gentle to paint and does not mat down rubber and plastic parts. The product is suitable for manual washbasins, high pressure washers and automatic washing machines.

### User instructions

Dosage: 1 – 10 % depending on the nature of the task, the amount of soil and cleaning method (manually, high pressure system, washing plants).

1. Remove all visible soil.
2. Apply cleanser and leave on for 10 - 15 minutes. The product must not dry on the surfaces.
3. Rinse well with clean water.
